In line quarter aided by exports

Quick Pointers:

- Guided for 10-12% YoY growth for CDMO business in FY27E.
- Reiterate gross margin guidance of 67-69% in FY26E.

J.B.Chemicals & Pharmaceuticals (JBCP) Q3FY26 adjusted EBITDA growth of 16% YoY was in line with our estimates. We believe JBCP growth momentum to continue driven by 1) geographical expansion of legacy brands 2) improvement in MR productivity 3) scale up in acquired brands 4) launch of new products & therapies 5) scaling up contract manufacturing business and 6) strong FCF generation. Further margins will continue to improve beyond FY27E with grant of perpetual license of acquired opthal portfolio. Mgmt cited transaction with Torrent pharma to be completed by Q4FY26 end and post that another 6-9 months for merger to get completed. Our FY27E/28E EPS stands reduced marginally by 2-3%. We expect EPS CAGR of ~22% over FY25-28E. At CMP, the stock is trading at 25x FY28E EPS. We maintain 'BUY' rating with TP of Rs2,300/share, valuing at 30x FY28E EPS.

- Domestic business momentum continues YoY:** JBCP revenues grew by 10.5% YoY to Rs10.6bn, in line with our estimates. Domestic formulation delivered growth of 10% YoY to Rs 6.2bn. Export formulations up 20% YoY to Rs 3.1bn. Branded export markets performed well. CDMO business declined by 1% YoY. API sales at Rs 210mn; down 16% YoY.
- In line EBITDA; Healthy GMs:** Reported EBITDA came in at Rs 2.95bn up 16% YoY. Margins stood at 27.8%; up 140 bps YoY. Adjusted for ESOP (Rs 90mn), EBITDA was Rs 3.05bn with OPM of 28.6%. GM's increased 190bps YoY and 90bps QoQ to 69%. PAT came in at Rs 1.9bn up 22% YoY, in line with our est. EPS stood at Rs 12.8
- Key concall takeaways: Domestic business** growth was on back of 7% price growth. Witnessed slowdown in acute portfolio more specifically the gastro segment. Chronic remained strong. Key brands continue to perform well; Cilacar T, Nicardia, Cilacar and Sporlac were up 33%/30%/25%/13% each. Reiterated domestic growth guidance at +12% YoY for FY26E with 200-300bps IPM outperformance. Opthal portfolio delivered double digit growth. Monthly run rate to remain steady at Rs 170-180Mn until next quarter.
- CDMO** business reported muted YoY growth given high base in Q3FY25. Quarterly run rate remains stable at Rs 1.15-1.2bn. Guided for 10-12% YoY growth for FY27E. Growth to be supported by strong customer relationships, execution capability and a healthy order book.
- Branded generics:** International growth was largely volume led, especially South Africa. Overall there was strong performance across branded export markets. Management reiterated high single-digit growth guidance for FY26E, with Q4FY26E expected to deliver double-digit growth supported by a strong order book.

- **Other highlights:** Transaction with Torrent Pharma expected to close in Q4FY26E. Post that another 6-9 months for merger to get completed. Rs 400mn ESOP charge likely in FY26E, subject to change in control. Gross margin guidance of 67-69% and EBITDA margins of 28-29% maintained.
