## Continues to outperform the industry

### Quick Pointers:

- EBITDA margin to continue to grow with scale, premiumization, cost reduction efforts and improved product mix
- EV penetration to improve as magnet shortages ease

**TVSL reported its highest-ever quarterly revenue and EBITDA margin, both beating estimates, aided by the recognition of PLI, demand improvement led by low inflation, improved product mix, price increases and cost reduction. The management expects domestic 2W industry to clock 8-9% CAGR in the long term driven by infra development, improved connectivity, and persistent mobility needs, and we believe TVSL is well positioned to outperform the industry. We estimate volume/realization CAGR of 12.7%/3.9% over FY25-28E translating to revenue/EBITDA/EPS CAGR of 17.1%/20.8%/22.5%. Retain 'ACCUMULATE' with TP of Rs4,200 (previously Rs4,360), valuing the stock at 42x P/E based on Sep'27 EPS, and Rs80 for TVS Credit Services Ltd.**

**Standalone op revenue at Rs124.8bn:** It grew 37.1% YoY, beating BBGe/PLe by 3.0%/3.5%. Realization grew +7.5% YoY/+2.2% QoQ. Gross margin stood at 28.8% (+40 bps YoY/-10 bps QoQ). EBITDA margin was 13.1% (+70bps YoY adjusted for PLI benefits, +40bps QoQ) beating BBGe/PLe by 40bps/10bps. EBITDA was Rs16.3bn (+51.1% YoY, +8.3% QoQ) while Adj. PAT of Rs9.7bn (+57.0% YoY, +7.2% QoQ) was +2.2%/-3.5% away from BBGe/PLe.

**TVSL outperforms industry sales:** In Q3 FY26, 2W ICE domestic sales for TVSL grew by 21% (industry: 16%) and international sales grew by 35% (industry: 23%) YoY. Total 2W ICE sales of TVSL grew by 25%, outpacing industry growth of 17% YoY. e-2Ws grew by 40% YoY to cross 106k units. Total 3W sales more than doubled to >60k units.

**EVs positive at gross margin level:** Growing faster than the industry, EVs are sequentially getting better at EBITDA level and should break even soon.. Q3 EV penetration stood at 30-32%, and Vahan market share went up in the EV L5 category. Apart from a few products above a certain price level, TVSL is receiving PLI benefits across its EV portfolio.

## Conference Call Highlights

- Exceptional expenses due to the new labor codes of Rs0.4bn and loss on fair valuation of an investment dragged reported PAT marginally.
- The management expects a good Q4 as well due to GST benefits, strong macros, improving rural sentiments, policy measures by RBI, etc.
- Industry sales are expected to grow more than 15%, translating to FY26 growth of ~9% YoY, with TVSL growing faster in both domestic and exports.
- TVSL received ~0.7% PLI benefits for its EV portfolio.
- 0.2-0.3% price increases taken at the start of Q3 partially offset the commodity inflation from platinum group metals, while overall impact from all commodities was ~0.4%.
- Growing economy and monetary policy measures are expected to improve liquidity and the credit environment.
- Supply shortfalls at the dealer level were due to plant maintenance, holiday seasons, etc. Capacity increase takes 2-3 months, and TVSL has been actively investing in that. EVs also should see full supply in a month's time as magnet shortages ease. Currently, TVSL is producing 30-32k units of iQube and ~10k units of Orbiter.
- Revenue from spares stood at Rs11.83bn (+25% YoY), contributing 9.5% to the operating revenue.
- Growth momentum in the international business came from LatAm and Africa (expected to continue), rebound in Sri Lanka, and Nepal continuing to do well. Europe isn't growing and challenges might continue for another few quarters. Exports revenue for the quarter was Rs29.09bn (+44% YoY).
- Norton's super-premium and luxury bike line-up is getting built, and it is gearing for India launch as well (previously guided for around Apr'26).
- For FY26, capex guidance has been increased slightly to Rs17bn (driven by planned capacity increases) and investments to Rs29bn (from Rs20bn), primarily for Norton and TVS Credit. During Q3FY26, TVSL invested Rs9.1bn in its subsidiaries.
- TVS Credit's book size at the end of Q3FY26 was Rs296.78bn (+9% YoY, +7% QoQ), and the customer base was more than 2.3cr (vs. 2.13cr in Q2FY26). Its PBT for Q3FY26 grew by 21% YoY to Rs3.9bn.
